Preface

In accordance with Statistical Law of Afghanistan, National Statistics and Information Authority (NSIA) is mandated to collect, compile, analyze and disseminate statistical data in the country. NSIA has always tried to collect up-to-date data and information from data sources, through conducting of surveys and data collection activities, and publish the results in statistical publication for the use of policy makers, planners and other users involved in economic affairs, for design, preparation of evidence based development plans, streamlining and evaluation of activities.

NSIA takes the pleasure to publish the publication of Quarterly Statistical Indicators Second Quarter of 2019 in line with its other publications, so that data users have access to statistical data during the year.

The publication of Quarterly Statistical Indicators of Second Quarter 2019 includes major indicators such as Government Employee, Higher Education, Health Facilities, Agriculture, Industries, Mining, Construction, Electricity, Revenue and Expenditure of Public Enterprises and Companies, Development Projects, Transportation, Communication, Foreign Trade and National Consumer Price Index which is compared to the data of Second Quarter of 2018 which not only provides an over all picture of socio-economic progress, but also reveals shortcoming in the mentioned areas, so that the responsible authorities, based on them and considering current challenges, document their future plans and identify vulnerable areas and take measures to remove them.

Here by, All data Users, Planners, Policy formulators, Academicians and Researchers are humbly urged to share their constructive ideas and critics for better improvement of NSIA publications.
