

ISHITA PANT

Ishita joined the EIRA project in 2017. The 2020 edition of EIRA has been developed under her leadership. She is responsible for managing the project schedule, signing off on the research and analysis, and taking final editorial and layout decisions. She has authored the country assessments of Afghanistan, Bangladesh, Bosnia and Herzegovina, Colombia, Georgia, Jordan, Kenya, Nigeria, Palestine, Rwanda, Sierra Leone, Uganda, Ukraine and Uzbekistan.

Ishita is an Investment Coordinator at the International Energy Charter. She is a common law qualified lawyer and holds an LL.M. degree in Energy and Natural Resources Law from the Queen Mary University of London. Prior to joining the International Energy Charter, she worked as an in-house counsel for the France-based company, Air Liquide. Her areas of specialisation are energy, projects and infrastructure, and regulated industries.

EDWARD SAFARYAN

Edward Safaryan joined the EIRA project in 2019. He has authored the country assessments of Armenia, Belarus, Kyrgyzstan and Tajikistan. He provides support in quality control and in the preparation of Energy Charter working group meetings where discussions take place on the development of EIRA. He also liaises with the International Energy Charter Industry Advisory Panel to gather feedback on the content and utilisation of EIRA. He is the author of the upcoming EIRA Monitoring Report of Armenia, which will be published under the EU4Energy Programme.

Edward is an Investment Official at the Energy Charter Secretariat. He holds an MSc degree from the State Engineering University of Armenia and a Master's Degree in Environmental and Energy Policy from the University of Delaware (Newark, DE, U.S.A.). Prior to joining the International Energy Charter, he worked with various international organisations, including seven years at the Organization for Security and Co-operation in Europe. His work focussed on economic development, environmental protection and government strengthening programmes in Armenia, Tajikistan and the US. His areas of expertise are energy and environmental policy, public finance, and project management.

ANNA PITARAKI

Anna joined the EIRA project in 2017. She has authored the country assessments of Benin, Eswatini, Kazakhstan, Moldova, Montenegro, Panama, and Senegal. She is co-authoring the upcoming EIRA Monitoring Report of Belarus, which will be published under the EU4Energy Programme.

Anna is an Investment Coordinator at the International Energy Charter. She is a civil law qualified lawyer and holds a Ph.D in International Economic Law from the European University Institute where she was involved in research projects on the WTO and EU trade law. Prior to joining the International Energy Charter, she was a member of the arbitration practice of a leading international firm in London. Her areas of expertise are trade and investor-State disputes in the energy sector.

DANAI OIKONOMAKOU

Danai joined the EIRA project in 2018. She has authored the country assessments of Albania, Croatia, The Gambia, Greece, and Guyana. Danai creates the EIRA database and is responsible for processing the scores for all countries into electronic formats. She handles the contractual arrangements and logistics of the project, including liaising with the publication designers and the website developers.

Danai is an Investment Coordinator at the International Energy Charter. She holds a five year degree in Civil Engineering and a four year degree in civil law. Prior to joining the International Energy Charter, she worked for over six years as a civil engineer with reputed construction engineering and project management firms. Her areas of expertise are energy and utilities projects.
